

Dear Partners,

As you know, our contracts for 2020 and before were made separately as Simena Hotel and Simena Holiday Village. In order to ensure the convenience and integrity of operation in terms of management, our contracts have been gathered under a single roof since 2021 and we have decided to continue our activities as SIMENA HOTEL.

All room types in Simena Holiday Village are located under the name of Simena Hotel as main building and villa rooms. We kindly request you to remove all records belonging to Simena Holiday Village Business in your agency registrations and websites and to follow it as the only hotel under the name of "SIMENA HOTEL" from now on and to convey the following information to your guests in your websites, catalogs and direct sales in order not to have any problems during the season. As Simena Hotel, we have a total of 11 room types, room capacity and features are presented in detail below.

On this occasion, as the Simena Hotel family, we thank you for the interest and support you have shown up to now, we hope that our cooperation will continue to increase in 2021, and we wish you a successful and profitable season.
